

As a listener of XM Satellite Radio, I benefit from listening to its traffic and weather channels. Satellite radio provides a variety and quality of programming that is not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. Therefore, I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
